Good catch! We are considering increasing that distance for bullet 1, but it's pending our discussion tomorrow with Nina and Cassie I think.

Hey Kara,

For the first point, were we considering increasing that distance given the mosquitoes have occasionally reached the edge of monitoring? Other than that they sound good to me.

Hi Matt,

Please let me know what you think of these bullets for Mike for the FDCAS meeting. Do you think this is what he's looking for?
